I. CALL TO ORDER

Mrs. Hightower called the Regular Meeting to order at 5:30 p.m.

a. Invocation and Pledge of Allegiance
   (NOTE: It is the tradition of the Escambia County School Board to begin their business meeting with an invocation or motivational moment followed by the Pledge of Allegiance.) Elder Charles Sapp delivered the invocation and Mr. Adams led the Pledge of Allegiance to the United States of America.

b. Adoption of Agenda
   The Superintendent listed all changes made to the agenda since initial publication. Mrs. Hightower advised that Florida Statutes and School Board Rule require that changes made to an agenda after publication be based on a finding of good cause, as determined by the person designated to preside over the meeting, and stated in the record. Motion by Mr. Slayton, seconded by Mr. Adams, to adopt the agenda as amended, carried unanimously.

c. Committee/Departmental Reports
   1. PTA Presentation
      The Superintendent was recognized by the Escambia County Council of PTAs/PTSAs for his service as Superintendent of Schools for the Escambia County School District and his support of ECCPTA.

   2. Stellar Employee of the Month
      The Superintendent made the following announcement: It is my pleasure this evening to announce the Stellar Employee for the month of October is Melinda Crews. Melinda Crews is the Data Specialist at West Florida High School. She has been with the District for seven (7) years and in this position for seven (7) years. Melinda is a truly stellar employee. In her capacity as a data specialist, she excels at every task she is assigned. Melinda is proficient with most District platforms (Focus, Destiny, Skyward, etc.). Whether it be routine data entry, creating student schedules in Focus, rectifying reports in Focus, or any other number of tasks, she accomplishes them with speed, accuracy, and efficiency. When Melinda is unsure of how to accomplish a particular task, she knows where to solicit assistance, and takes the initiative to learn and implement that knowledge. Outside of her regular and crucial duties as data specialist, Melinda is a true team player. Whenever someone needs a helping hand, she is there to lend it. Melinda provides coverage for the front desk, where she greets...
guests and treats them with courtesy and respect. She also fills in for the attendance clerk, performing those important duties with the same attention to detail with which she approaches her regular duties. Melinda also assists the Intake Specialist with enrolling new students, and with the arduous but important task of assigning career academies to students. West Florida High School often has outside guests who attend orientations and tours, as well as numerous faculty events. Melinda is always a leader in organizing and staging these events. Whether it is planning the timeline for guests or making sure the events have everything they need to be successful, Melinda is always willing and eager to help. Melinda is humble, and unassuming, and would never advocate for herself to be recognized, but school administration wholeheartedly nominated Melinda for stellar employee of the month because they feel her presence at and contributions to their school cannot be overstated. Melinda is a true Unsung Hero. So many among us do an excellent job, not for fame, not for recognition, but simply for the satisfaction of a job well done. Tonight it is my pleasure to recognize one such stellar group of District employees. The role of these men and women is to provide operational support for our School District. The Operations’ Division Team is a group of unsung heroes who, each and every day, directly impact the quality of the learning and work environment for our students and staff. As we are all aware, 2020 has been a challenging year. Before the end of last school year, we were impacted by the global pandemic which radically transformed all our lives. Virtually every facet of how we routinely conduct the business of educating the youth of Escambia County has been affected. How we instruct, how we clean our facilities, how we transport and feed our students and how we routinely conduct the business of educating the youth of Escambia County has been affected. Virtually every facet of how we instruct, how we clean our facilities, how we transport and feed our students and how we safely operate schools. And as if a pandemic was not enough challenge, in the midst of reworking how we safely conduct business as a School District, our community was devastated by Hurricane Sally. Once again, our Unsung Heroes stepped up to the plate. The Operations Division mobilized while others remained home. Each day they reported to work leaving their families and loved ones behind and worked to recover the District and get schools reopened in record time. Many of the staff sustained damages to their own homes yet they still came, worked late and never complained. Our Operations crews assessed every school and facility for damages before the winds even died down. In less than 48 hours, the district had a remediation/restoration plan for every site. They got busy making our schools safe. They worked day and night cutting down trees, removing debris, reinstalling miles of fencing, removing wet ceiling tiles, shattered awnings and windows and restoring flooded spaces. Electricians restored power, repaired equipment and tested HVAC systems while operations team members extracted and saved hundreds of thousands of dollars worth of frozen and refrigerated food from freezers and coolers throughout the district until power could be restored. IT technicians repaired downed and broken fiber optic cables and Transportation staff personally drove all school bus routes to reroute around obstructions and assure safe passage of our students. In less than a week schools

3. Unsung Heroes Award

The Superintendent made the following announcements:

Unsung Heroes Award, presented to Operations Division - Many people go above and beyond the call of duty each and every day. Most go the extra mile never seeking recognition. Strength of character, a steadfast belief in always doing the right thing and a genuine commitment to serving others is their motivation. We call these people Unsung Heroes. Each year we canvas our District’s landscape full of heroic people to try and identify that one individual or group that typifies what it really means to be a true Unsung Hero. So many among us do an excellent job, not for fame, not for recognition, but simply for the satisfaction of a job well done. Tonight it is my pleasure to recognize one such stellar group of District employees. The role of these men and women is to provide operational support for our School District. The Operations’ Division Team is a group of unsung heroes who, each and every day, directly impact the quality of the learning and work environment for our students and staff. As we are all aware, 2020 has been a challenging year. Before the end of last school year, we were impacted by the global pandemic which radically transformed all our lives. Virtually every facet of how we routinely conduct the business of educating the youth of Escambia County has been affected. How we instruct, how we clean our facilities, how we transport and feed our students and how we safely operate schools. And as if a pandemic was not enough challenge, in the midst of reworking how we safely conduct business as a School District, our community was devastated by Hurricane Sally. Once again, our Unsung Heroes stepped up to the plate. The Operations Division mobilized while others remained home. Each day they reported to work leaving their families and loved ones behind and worked to recover the District and get schools reopened in record time. Many of the staff sustained damages to their own homes yet they still came, worked late and never complained. Our Operations crews assessed every school and facility for damages before the winds even died down. In less than 48 hours, the district had a remediation/restoration plan for every site. They got busy making our schools safe. They worked day and night cutting down trees, removing debris, reinstalling miles of fencing, removing wet ceiling tiles, shattered awnings and windows and restoring flooded spaces. Electricians restored power, repaired equipment and tested HVAC systems while operations team members extracted and saved hundreds of thousands of dollars worth of frozen and refrigerated food from freezers and coolers throughout the district until power could be restored. IT technicians repaired downed and broken fiber optic cables and Transportation staff personally drove all school bus routes to reroute around obstructions and assure safe passage of our students. In less than a week schools
reopened long before normality returned to the rest of our community. We are so proud of the employees of the Operations’ Division; their can-do spirit, their professionalism and their commitment to our students. It is for these reasons and many more that we would like to present Shawn Dennis, Assistant Superintendent of Operations and the Operations Division with a plaque and name them this year’s Unsung Heroes.

Unsung Hero Award, presented to Norm Ross, Deputy Superintendent – Many people go above and beyond the call of duty each and every day. Most go the extra mile, never seeking recognition. Strength of character, a steadfast belief in always doing the right thing and a genuine commitment to serving others is their motivation. We call these people Unsung Heroes. Each year we canvas our District’s landscape full of heroic people to try and identify that one individual or group that typifies what it really means to be a true Unsung Hero. So many among us do an excellent job, not for fame, not for recognition, but simply for the satisfaction of a job well done. This evening, we celebrate an individual who has freely dedicated their life to education. An individual who has provided four decades of service, compassion, guidance and leadership, and heart, to literally thousands of students, staff, and families. God truly blessed the entire Escambia County School District when this individual began his journey as a teacher for Escambia County School District in 1974. It is an honor to call him a very close friend, as well as the Deputy Superintendent, Mr. Norman G. Ross. Tonight, we will call him an Unsung Hero. It is without hesitation that each and every day, Norman G. Ross goes above and beyond the call of duty; he has set the standard for providing excellence in a life of service. Just look around this room, and the county as a whole. Mr. Ross’ life’s work is reflected in the multiple generations whose lives have been positively molded and guided due to decades of unwavering leadership and the entire district along with you.

Just look at Mr. Ross’ contributions over the years. His efforts have gone beyond the call of duty each and every day. He has been an honor to serve along with you for 12 years in the Superintendent’s Office. On behalf of students, families, employees, district leadership and the entire district – thank you. You are truly our Unsung Hero for 2020.

4. Florida School Boards Association Master Board Presentation
   On behalf of the Florida School Board’s Association (FSBA), Mr. Stacy Kirvin presented a plaque to the Escambia County School Board recognizing their completion of the FSBA’s Master Board training.

At this time, Dr. Edler took a moment to recognize her granddaughter, Tara Melton and husband Daniel.

II. PUBLIC FORUM
