School Board Members responded to those individuals who expressed a desire for mandatory masking in Escambia County schools. Mrs. Hightower was open to discussing masks at a future meeting, but she wanted to make sure the public had proper notice that it would be on an agenda to give people on all sides of the issue a chance to weigh in. She asked the board if there was any support for a special meeting. Mr. Adams said he would not support a mask mandate of any kind and did not see a need for the School Board to meet on it. Mr. Fetsko said his personal preference was to wear a mask, but he would not mandate someone else to do so. Mr. Fetsko said he would not support a special meeting. Chair Slayton commented, “If you believe your child should wear a mask, tell them to wear the mask. Don’t come tell us (School Board) to tell them. I feel like you are cop[ing out to make us force a mask mandate. I’m sorry, I cannot support that.” Though there was no formal vote, Chair Slayton noted it was obvious (from the discussion) the School Board was not in favor of mandating masks in Escambia County schools.
